

COVID RISK ASSESSMENT FROM MARCH 8TH 2021

- This risk assessment template is intended to support schools in their decision-making process and enable them to assess their site and activities as required by the current government guidance.
- This assessment is based on the expectations set out in the Schools coronavirus (COVID-19) operational guidance Feb 2021 (applies from 8th March)
<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak>
but must be adapted in order to give a clear narrative on the specific controls being put in place within your school to manage the risk from coronavirus.

As with other areas of risk school employers and leaders are required to reduce risk as far as is reasonably practicable, recognising that it is not possible to completely eliminate the risk of coronavirus.

- During this evolving situation please monitor and follow government guidance, further reviews and updates to the template will be made following any significant updates.
- In addition you should continue to review your controls and activities and update the risk assessment to reflect any changes in practice.

Notes on completion:

- This risk assessment should be completed by the Head and SLT in consultation with staff.

Consultation with employees is a legal duty and involving staff in the planning and assessment process will aid in your controls being adopted and in easing any anxiety amongst staff.

- Where you have a Union H&S representative then make sure you consult with them as part of the risk assessment process.
- You will need to review and tailor the contents of this generic risk assessment to meet your own individual circumstances, actions determined as required but not yet in place should be moved from the 'What are you already doing?' column to the "What further action is necessary?" column. Or alternative and equivalent control measures which you have put in place added.
- Ensure this document is made **specific** to your site. Record any other **significant** findings and actions required to reduce risk further where existing controls are insufficient, assigning these actions to an appropriate manager or member of staff.
- There may also be a requirement to review other existing work activity risk assessments for your school and amend these (if you have not already done so) to include the management of the risks associated with COVID-19.

Share the risk assessment

Once the assessment is completed **share** this with all staff, make sure that you brief all temporary staff, peripatetic and supply teachers, visiting coaches etc. on your expectations on managing risk.

- You may choose to publish the risk assessment on your website to provide a clear transparent approach to the wider school community.

Monitor and review

As the school returns continue to review how staff and students adopt to your controls, there will almost certainly be areas where the risk assessment will need review to reflect additional controls or risks which only became apparent as your operational activities and curriculum are delivered.

Review and tailor the contents of this generic risk assessment to meet your school's individual circumstances, actions determined as required but not yet in place should be moved from the 'What are you already doing?' column to the "What further action is necessary?" column. Record any other **significant** findings and actions required to reduce risk further where existing controls are insufficient, assigning these actions to an appropriate manager or member of staff.

RISK ASSESSMENT FOR: School activities during COVID 19 outbreak - opening from March 8th 2021		
Establishment: Bayford Primary School	Assessment by: Malcom Foster	Date: 21.05.21
Risk assessment number/ref:	Manager Approval: Malcom Foster	Date: 21.05.21

Rev 11 06/01/21 updated to remove reference to tiered system and announcement on 4th January of a national lockdown for all England

08/01/21 minor addition to make clear Schools can where required continue to engage supply and peripatetic teachers during this period.

03/02/21 updated broken AfPE hyperlink, added links to lateral flow testing risk assessment (No changes to the risk assessment required from the updated DfE guidance '[Restricting attendance during the national lockdown schools](#)' (2/2/21))

Rev 12 23/02/1 updated to reflect new DfE guidance applicable from March 8th <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak>

Take this opportunity to review and refresh all your now 'normal' measures on site, ensure that any signage and floor markings which may have faded / lost their impact are reinstated and re-communicate the importance for staff and children of social distancing, wearing of face coverings, hand hygiene and maintaining ventilation.

Rev 13 01/04/21 review following updated DfE guidance and pause in shielding for CEV individuals from 31st March

Rev 14 **12/05/21** reviewed following revised DfE guidance of May 10th to reflect step 3 of roadmap (from May 17th) changes made highlighted in yellow relate mainly to face coverings, educational visits and wraparound / extra-curricular activity.

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
<p>Individual risk factors meaning staff / pupils more vulnerable to COVID-19</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>School to discuss arrangements / concerns with individuals and provide assurance of controls in place. Individual risk assessments will be conducted where required to determine if additional measures are required.</p> <p>Those CEV pupils unable to attend school because they are under specialist care and following specific clinical advice (e.g. a letter from their consultant/GP stating they should refrain from attending school) will be provided with remote education.</p> <p>Existing individual health care plans in place for pupils/students to be reviewed.</p> <p>Clear message sent to parents that students should not be sent into school if unwell for both Covid-19 and any other illnesses/symptoms.</p> <p>Staff Wider government advice remains to work from home where possible. Limited school roles where this will be the case, roles which are able to do so effectively will be considered. Individuals classed as clinically extremely vulnerable / clinically vulnerable to have a risk assessment undertaken on their role and ability to maintain social distancing. Consider if these staff are able to work remotely or in areas / roles where maintaining social distancing is easier.</p> <p>Any existing individual risk assessments to be reviewed. See COVID-19: guidance on shielding and protecting people defined on medical grounds as extremely vulnerable</p>	<p>Clinically extremely vulnerable (CEV) pupils and staff able to return to school. Shielding for CEV individuals paused on 31st March 2021.</p> <p>From 1st April CEV staff are able to return to the workplace. Individual risk assessments for CEV staff to be reviewed if they cannot work from home. In the event of an individual following specific clinical advice (e.g. a letter from their consultant/GP stating they should refrain from attending the workplace) it is strongly recommended that Schools contact their HR Advisor.</p>			

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
<p>School occupants coming into contact with those with Coronavirus symptoms</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>School community clear on symptoms of coronavirus: a high temperature, a new continuous cough or a loss of, or change, in their normal sense of taste or smell. Stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection followed.</p> <p>These expectations have been communicated to all.</p> <p>Arrangements in place to ensure symptomatic staff / pupils do not return until isolation period has passed or negative test result confirmed.</p> <p>No symptomatic individuals to present on site.</p> <p>In the event of a suspected case whilst working on site Ensure SLT / Head are notified.</p> <p>Individual goes home immediately (if awaiting collection by their parent, isolate child in a room behind a closed door, or an area at least 2m away from others, open a window for ventilation) and self-isolate.</p> <p>School staff supervising the child while they await collection should wear PPE (a fluid resistant surgical mask, type IIR) if a distance of 2m cannot be maintained. If direct care (such as for a very young child or a child with complex needs) is required then staff giving care to wear a fluid resistant surgical mask (type IIR), disposable apron and gloves.</p> <p>Clear message to parents that if a student is unwell at school they are to be sent home or collected immediately.</p> <p>Anyone who has had contact with those with symptoms to wash hands thoroughly.</p> <p>All areas occupied and equipment used by the affected person are to be thoroughly cleaned and disinfected (see PHE cleaning advice https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings)</p> <p>Students / staff informed via NHS test and trace or the NHS COVID-19 App they have been in close contact with a positive case to self-isolate for 10 days (reduced from 14 days from Monday 14th December). See https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/nhs-test-and-trace-if-youve-been-in-contact-with-a-person-who-has-coronavirus/</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>Testing Staff / pupils who develop symptoms should be PCR tested. Testing is most sensitive within 3 days of symptoms developing. Guidelines on who can get tested and how to arrange for a test can be found in the COVID-19: getting tested guidance.</p> <p>Tests can be booked online through the NHS website https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/ Direct link is https://self-referral.test-for-coronavirus.service.gov.uk/antigen/name or call 119 if they have no internet access.</p> <p>From 26th August schools were provided with 10 PCR home testing kits which can be provided in the exceptional circumstance that you believe an individual may have barriers to accessing testing elsewhere. See https://www.gov.uk/government/publications/coronavirus-covid-19-home-test-kits-for-schools-and-fe-providers. Kits are not be given directly to children, only to adults over the age of 18 or a child’s parent or carer.</p> <p>Positive case in school In the event of a positive case report to HCC via COVID.EYSEducation@hertfordshire.gov.uk See <i>COVID-19 case reporting flowchart for schools</i> https://thegrid.org.uk/covid-19/key-documents-for-schools HCC Public Health will work through a risk assessment to identify close contacts and assist with action in response to a positive case.</p> <p>Asymptomatic testing (LFD testing) Testing remains voluntary but strongly encouraged. Secondary schools had access to additional coronavirus (COVID-19) LFD testing from the first week of January. This moved to a home testing model for staff on wider return (2x tests / week) and secondary students after 3 LFD tests on site. Home testing kits provided to students (2x tests / week).</p> <p>Home testing kits for primary school staff in place from w/c 25/1/21 Primary age pupils are not tested with LFDs See separate Lateral flow testing risk assessment</p>	<p>Staff and pupils who are tested for Covid-19 to inform the school of result and date of test.</p> <p>From 16th Sept more PCR kits able to be ordered via https://request-testing.test-for-coronavirus.service.gov.uk/</p>			
General Transmission of COVID-19	Staff,	Welfare facilities are provided which contain suitable levels of soap and paper towels.				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
Ineffective hygiene protocols	Students / pupils / wider contacts Spread of COVID 19	<p>All persons to wash hands with soap regularly and thoroughly, for at least 20 seconds. Hand washing technique to be adopted as directed by NHS guidance posters in place to reinforce this.</p> <p>Alcohol hand sanitiser used in addition where required e.g, to reduce congestion at toilets / where soap and water is not available. Review existing levels / location of hand sanitiser stations.</p> <p>Alcohol hand sanitiser provided at reception / entrance/exit points; student entrance /reception and should be used by all persons when entering/leaving.</p> <p>Additional hand sanitiser within classrooms where required e.g. for Early years children returning from the toilet where hand washing will not be as robust. Build use into routines staff and pupil routines e.g. on arrival, when returning from breaks, when changing rooms, before / after eating.</p> <p>Site staff to regularly clean the hand washing facilities and check consumables. Provide suitable and sufficient rubbish bins for hand towels with regular removal and disposal.</p> <p>Ensure adequate supplies of soap, hand sanitiser and paper towels and these should be securely stored.</p> <p>Catch it, kill it, bin it message reinforced. Tissues will be provided for classrooms. Staff to replenish as needed. Staff / students to use tissues when coughing or sneezing and then place the used tissue in the bin before washing hands. (lidded bins in classrooms / other locations for disposal of tissues and other waste)</p> <p>All persons are reminded to not touch their eyes, nose or mouth if their hands are not clean.</p>				
General Transmission of COVID-19 Ineffective cleaning	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>Cleaning schedule in place.</p> <p>Enhanced cleaning schedule implemented throughout the site during school day, ensuring that frequent contact points, e.g. door handles, taps, flush handles, toilet door handles, table / desktops, bannisters, telephones, keyboards etc. are all cleaned and disinfected regularly.</p> <p>Shared areas and rooms that are used by different groups will require more frequent cleaning / cleaning between groups.</p> <p>Where toilets are shared between different groups these must be cleaned regularly (focus on high contact surfaces) and the importance of thorough hand</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>washing reinforced. (consider signage allocating cubicle / sinks for specific bubbles in shared toilets)</p> <p>Cleaning materials (e.g. disinfectant spray / wipes) available to staff. Manufacturer's instructions for dilution, application, PPE and contact times for all detergents and disinfectants to be followed.</p> <p>Only cleaning products supplied by the school / contract cleaners are to be used. School to obtain the risk assessment from contract cleaning staff for assurance on social distancing measures and their schedule / methods for cleaning the school site.</p> <p>Thorough cleaning of rooms at the end of the day.</p> <p>In the event of a suspected case / confirmed positive case on site For disinfection (e.g. following a suspected case) use a combined detergent disinfectant solution at a dilution of 1000 parts per million (ppm) available chlorine (av.cl.) or a neutral purpose detergent followed by disinfection (1000 ppm av.cl.). See PHE advice COVID-19: cleaning of non-healthcare settings guidance if an alternative non-chlorine based disinfectant is used ensure that it is effective against enveloped viruses i.e. a product to BS EN14476.</p> <p>When cleaning a contaminated area: Cleaning staff to:</p> <ul style="list-style-type: none"> • Wear disposable gloves and apron • Wear a fluid resistant surgical mask (Type IIR) if splashing likely • Hands should be washed with soap and water for 20 seconds after all PPE has been removed. <p>PPE to be double-bagged, then stored securely for 72 hours then thrown away in the regular rubbish after cleaning is finished.</p> <p>Any cloths and mop heads used must be disposed of as single use items.</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
<p>General Transmission of COVID-19</p> <p>Minimising contact and Maintenance of social distancing</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Bubbles/ Groups: Bubbles of children will be our normal classes, with up to 30 children in each.</p> <p>Groups to remain clear and consistent and separated from other groups.</p> <p>Limiting interaction between groups by:</p> <ul style="list-style-type: none"> • Children will eat their lunch in their classrooms. • Bubbles will spend breaks and lunch times in separate parts of the playground. • Rooms / spaces will not be shared across groups; If a need arises for this to happen, the space will be thoroughly cleaned before the second group goes in. • No groups are coming together for assemblies, events / school fairs, school trips etc. • Wider assemblies / collective worship conducted via video link. • Social distancing will be older children will be encouraged. <p>Where staff move across groups (bubbles) hands to be washed / sanitised before and after and social distancing (2m) to be maintained from other staff and adults as far as is reasonable.</p> <p>Schools can continue to engage supply and peripatetic teachers including staff from music education hubs.</p> <p>Ideally the teaching space / workstation should be 2m from pupils. (where this is within 1m then change layout / increase space at the front of the class to attain at least 1m+, consider use of perspex screens.</p> <p>Keep space at front of class for SLT to enter and be present whilst maintaining social distancing.</p> <p>All staff to avoid close face to face contact and minimise time spent within 1 metre of anyone.</p> <p>Primary Settings to remain in class groups for the majority of the time. Pupils sitting side by side rather than face to face.</p> <p>Face coverings for visitors, to be worn in corridors and communal areas, including staffrooms (where 2M social distancing can't be maintained).</p>	<p>Ongoing monitoring of movement around school and ability of groups to remain apart.</p> <p>Determine any pinch points, congested corridors etc and review controls to keep groups apart.</p>			

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>Those wearing face coverings should clean hands before and after touching – including to remove or put them on – and store them in individual, sealable plastic bags between use.</p> <p>See guidance on face coverings in Education</p> <p>The use of face coverings does not replace social distancing, good hand washing and hygiene protocols.</p> <p>Face visors or shields can be worn by those exempt from wearing a face covering but they are not an equivalent alternative in terms of source control of virus transmission. They should only be used after carrying out a risk assessment for the specific situation and should always be cleaned appropriately.</p> <p>Extra-curricular clubs ensure delivery replicates school groups / bubbles where possible. (see also breakfast / after school clubs below). Children kept in consistent groups. From April 12th all parents can access wraparound and extra-curricular provision with no restrictions on reasons for attendance.</p> <p>From May 17th wraparound and other extra-curricular activities for children taking place indoors are able to take place in groups of over 15. Continue to minimise mixing between children, where possible. See also out of school settings guidance Size of room and ventilation levels able to support group number.</p> <p>Hiring and lettings These do not occur at Bayford Primary School.</p> <p>Record should be kept of all visitors / lead booker (maintained for 21 days) to aid track and trace.</p> <p>Breakfast and afterschool clubs – risk assessments on delivery required from providers, suspend if controls are not as robust as the schools. See protective measures for holiday and after school clubs, and other out of school settings</p> <p>From April 12th all parents can access wraparound provision with no restrictions on reasons for attendance.</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>From May 17th the maximum group size of 15 indoors for wraparound care has been removed (multiple groups can use the same space, only if there is robust social distancing between groups). Provision should, where possible, replicate the groups (bubbles) in place during the school day to minimise potential transmission between the school's groups. Review space / layout and occupancy to determine if children from different groups can maintain social distancing (2m between children from different groups). Where this is not possible keep the before / after school groups consistent to reduce mixing.</p> <p>Offsite visits Offsite visits (day visits) able to be run from 12th April in line with the Government's roadmap. Domestic residential visits can take place from 17th May</p> <p>Off site visits risk assessment to be undertaken, children kept in the same consistent group as usual during the visit. COVID secure measures at destination and ability of school group to socially distance from others to be risk assessed.</p> <p>Residential visits: Existing school bubbles are replicated for residential visits. Bubbles of no more than 30 children, accompanying staff are from within same bubble. See also Hotel and Guest accommodation guidance https://www.gov.uk/guidance/working-safely-during-coronavirus-covid-19/hotels-and-other-guest-accommodation</p>	<p>School visit risk assessment undertaken via Evolve</p> <p>Request provider risk assessment prior to any visit. In particular accommodation provider to confirm arrangements for</p> <ul style="list-style-type: none"> • Preventing mixing between bubbles; • Sleeping arrangements; • Appropriate ventilation; • Enhanced cleaning schedule 			

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p><i>"Where a school/college/further education/higher education facility is organising a visit with more than 30 pupils or students, they should split their group into more than one bubble"</i></p> <p>Parents / volunteers should not accompany the visit in order to maintain integrity of the bubble.</p> <p>Contingency plan in place in event of symptoms developing in the group or someone needing to self-isolate</p> <p>Staff and Students in Year 7 and upward to undertake LFD testing x 2 weekly</p> <p>Sleeping / room sharing</p> <p>Room sharing limited, capacity in shared dormitory rooms reduced – school to clarify with provider, max of 6 strongly recommended.</p> <p>Members of school staff have their own single room.</p> <p>Music-dance and drama</p> <p>Social distancing to be observed. This may limit group numbers.</p> <p>Keep background / accompanying music to levels which do not encourage teachers or other performers to raise their voices unduly.</p> <p>If possible use microphones, avoid sharing these. Clean equipment before / after use and between users / groups.</p> <p>Performances: All undertaken in same consistent school bubbles. Audiences indoor / outdoor are permitted from May 17th (but performing Arts guidance as referred to by DfE not yet updated to reflect Step 3, last updated April 14th).</p> <p>Live streaming / recording recommended at Step 3.</p> <p>Singing and wind / brass instruments</p> <p>Increased risk of aerosol transmission with volume and numbers of individuals within a confined space is likely.</p> <p>Accumulation of aerosols to be limited by keeping the actual singing / playing time short.</p> <p>Activity to take place outside where possible.</p> <p>Where using indoor spaces ensure good ventilation through the use of mechanical systems and/or opening windows and doors.</p> <p>Limit group size in relation to the space, use larger rooms with high ceilings for larger groups.</p> <p>If using a shared space (hall etc.) then ventilate the empty room for at least 15 minutes before another group uses the space and clean all touch surfaces before use by another group.</p>	<p>For a live audience significant reduction in capacity, seating arrangements to ensure social distancing is maintained and other required controls would require a specific risk assessment.</p>			

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>Larger groups e.g. more than a single class of 30, would need schools to undertake a specific risk assessment and demonstrate robust controls e.g. larger space, social distancing and good ventilation (min of 10l/s/person for all present).</p> <p>Face to face activity is to be avoided (Pupils positioned back-to-back or side-to-side when playing or singing). Where face to face activity cannot be avoided ensure 2m physical distancing is kept between staff and pupils (if 2m is not viable further robust risk mitigation will be needed- screens, 'moisture guard' covers for mouth blown instruments and good ventilation.)</p> <p>Use microphones. Sing / play quietly to reduce aerosol risk. Position wind and brass players so that the air from their instrument does not blow into another player. No sharing of wind / brass instruments.</p> <p>Additional guidance and supplementary risk assessment on music lessons in school has been produced by Herts Music service. http://www.hertsmusicservice.org.uk/schools-covid-update/</p> <p>PE / school sport PE subject lead / head of PE to review existing risk assessments and schemes of work to include management of COVID-19 risks. Schools must only provide team sports listed on the return to recreational team sport framework.</p> <p>No requirement to wear face coverings in PE. Pupils to be kept in consistent groups, sports equipment to be thoroughly cleaned between each use by different groups, and contact sports limited. (The AfPE's position is still that contact between students should be avoided in PE, where some element of contact is permitted this should be limited with social distancing in place for other parts of the lesson).</p> <p>Where National Governing Bodies have approved guidance which permits contact (FA etc.) lessons must be operated in line with that NGB guidance. https://www.gov.uk/government/publications/coronavirus-covid-19-guidance-on-phased-return-of-sport-and-recreation/guidance-for-providers-of-outdoor-facilities-on-the-phased-return-of-sport-and-recreation.</p> <p>https://www.gov.uk/government/publications/coronavirus-covid-19-guidance-on-phased-return-of-sport-and-recreation/return-to-recreational-team-sport-framework</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>Multiple groups not permitted to use PE / outdoor equipment simultaneously Sharing of equipment during PE is limited.</p> <p>Outdoor sports prioritised where possible, and large indoor spaces used where not, maximising distancing between pupils and natural ventilation.</p> <p>Build in time for handwashing / sanitising before / after lesson. See advice and FAQ's from Association for Physical Education, AfPE have also published a model risk assessment for PE. https://www.afpe.org.uk/physical-education/coronavirus-guidance-support/</p> <p>From 29th March outdoor fixtures against other schools are permissible (in line with restrictions on grassroots sport).</p> <p>From 12th April indoor competition between different schools was permissible.</p> <p>See guidance on grassroot sports for public and sport providers, safe provision and facilities, and guidance from Sport England</p>				
Access to & egress from site	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Introduce staggered start and finish times to reduce congestion and contact at all times. Review access points, open up alternative gates. Allocate groups different times / entrance points. Communicate changes and allocated times to parents / pupils.</p> <p>Staff on duty to monitor arrival / departure and site access points to facilitate social distancing – may need to change the number of access points, either increase to reduce congestion or decrease to enable monitoring. Discourage parents picking up their children from gathering at the school gates.</p> <p>Introduce visual aids to help parents socially distance / supervise entry and collection. Introduce floor markings to aid social distancing (e.g. tape or survey spray) where controlled queuing will be expected. Communicate expectations to parents.</p> <p>Consider one-way traffic through external doors to avoid face to face passing.</p> <p><u>Visitors</u> Only essential visitors allowed on site.</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>Ensure all visitors / building users are aware of school's expectations. They must follow social distancing, hand washing / use of sanitiser on entry and adhere to any restrictions on accessing parts of the building stipulated by the school.</p> <p>Parents instructed only to come onto premises by appointment or in event of an emergency.</p> <p>Volunteers, temporary / supply staff, sports coaches and other providers are briefed on school's arrangements for managing and minimising risk, including the need to maintain distance (2m where possible) from other staff and pupils.</p> <p>Where visits can happen outside of school hours, they should.</p> <p>A record should be kept of all visitors or the lead member for a group e.g. a hiring (records maintained for 21 days) to aid track and trace. (Name, contact phone number, date of visit arrival / departure time)</p> <p>Signage in reception regarding good hygiene.</p> <p>Use of Perspex screens for open receptions and tape / visual markers to reinforce social distancing (2 m where possible)</p> <p><u>Staff / pupils</u> On arrival all staff and students to wash hands using nearest available toilet or use the sanitiser provided at their point of entry.</p>				
<p>Contact points Equipment use printers, workstations, apparatus, machinery etc.</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Parents to ensure children have their own water bottles in school to reduce contact with 'face to tap' water fountains.</p> <p>Regularly clean and disinfect common contact surfaces in reception, office, access control etc. (screens, telephone handsets, desks).</p> <p>Staff and pupils have their own basic equipment (pens, pencils etc.) to avoid sharing.</p> <p><u>Activities and resources</u> Classroom resources which are shared within groups (bubbles) are cleaned regularly. Those shared across groups must be cleaned between use.</p> <p>Minimise all unnecessary sharing of resources, taking books home etc.</p> <p>For secondary science and DT also consider CLEAPPS advice (GL343 & GL 344) for suggested considerations in undertaking practical work.</p> <p>Use of shared resources between groups to be minimised, resources allocated to individual groups where possible.</p> <p>Otherwise all resources shared across groups (sports ,art ,science equipment</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>etc.) must be cleaned before / after use e.g. library books, chrome books, laptops, I pads, PE equipment etc.) or 'quarantined' and left unused (for 48 hrs, 72 hours for plastic) before being used by another group (bubble).</p> <p>Where equipment is quarantined ensure this is clearly labelled with day used / next day available for use.</p> <p>Build cleaning into end of lesson activity routines.</p> <p>Schools to ensure anti-bacterial wipes are available in all IT rooms and teacher to ensure students wipe down after use. If student too young then arrangements for IT support staff etc. to clean.</p>				
<p>Proximity of students/ staff</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Staff are to maintain a safe distance between each other (2 metres wherever possible)</p> <p>Occupied rooms to be kept as well ventilated as possible (by opening windows) or via ventilation units. (where mechanical ventilation is present that removes and circulates air to multiple rooms recirculation should be turned off and adjust these to full fresh air where possible).</p> <p>There is no need to adjust systems that serve only individual rooms or portable units as these operate on 100% recirculation. See HSE guidance and CIBSE COVID-19 ventilation guidance</p> <p>In cooler weather open windows just enough to provide constant background ventilation, open windows more fully between classes, during breaks etc. Use heating / additional layers of clothing to maintain comfortable temperatures.</p> <p>Ensure key fire doors are not being compromised / wedged open (those protected stairwells, cross corridor, on single directional routes etc.)</p> <p>Consider opportunities for outdoor learning to assist in social distancing. Staff to follow social distancing guidance in offices/staff rooms/close working in rooms etc i.e. 2m wherever possible. Where staff need to move between classes and year groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults.</p>	<p>Use high level windows where available to minimise drafts.</p> <p>Where lower level windows are being opened out onto play areas then ensure these don't create a risk of pupils running into the edge of an open window.</p>			

		<p><u>Meetings / 1-2-1's / training</u> Limit face to face meetings to those which are essential and cannot be delivered in any other way. Ensure these are conducted in large enough areas to maintain social distancing; or via electronic means (Microsoft Teams etc.) No physical large scale / all staff briefings should be undertaken.</p> <p><u>Staff rooms</u> Review occupancy levels and layout to facilitate social distancing Set maximum occupancy, staff to stagger use to enable distancing.</p> <p><u>Stairs / corridors</u> Minimise groups (bubbles) transitioning at the same time to ensure brief contact. (passing briefly in circulation spaces is a low risk) Implement one-way system (where possible e.g. multiple routes / stairs) Stagger use and numbers using circulation spaces at the same time. Avoiding multiple groups queuing in same shared areas/ narrow corridors etc Pupils queuing e.g. for entry into labs will need supervision and floor markings to aid distancing.</p> <p><u>Changing rooms</u> Reduce numbers needing to use by allowing pupils to wear PE kit to school.</p> <p>Introduce enhanced cleaning of all facilities throughout the day and at the end of each day. Clean all contact surfaces between use by different groups.</p> <p>Provide suitable and sufficient rubbish bins in these areas with regular removal and disposal.</p> <p><u>Break / Playgrounds</u> Avoid any group activities that require pupils to be in close physical contact with each other. Limit group interaction by clearly zoning areas and staggering breaks. Use playing fields when weather permits. Brief all staff on expectations. Increased supervision to aid enforcement of social distancing as far as is reasonable. Outdoor play equipment to be cleaned between use by different groups or left for period of 48 hrs (72 hrs for plastic) between use by different groups. Pupils should wash / sanitise their hands before and after use.</p>				
--	--	---	--	--	--	--

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
Canteen use / lunchtimes	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>Break times staggered to reduce congestion and contact between groups. Rota for use of dining areas.</p> <p>Reinforce handwashing prior to eating food. Hand sanitiser should be available at the entrance of any room where people eat and should be used by all persons when entering and leaving the area.</p> <p>Hall use for lunches Food operators continue to follow Food Standard Agency's (FSA) guidance on good hygiene practices in food preparation and their Hazard Analysis and Critical Control Point (HACCP) processes.</p> <p>Pupils will eat in their classrooms. Adults will carry food from hall to classrooms to avoid children entering the hall being used as a staff room.</p> <p>Drinking water should be provided with enhanced cleaning measures of the tap mechanism introduced.</p> <p>All rubbish and waste should be put straight in the bin by the user and not left for someone else to clear up.</p> <p>All areas used for eating must be thoroughly cleaned between groups and at the end of each break and shift, including chairs, door handles.</p> <p>Drinking water should be provided with enhanced cleaning measures of the tap mechanism introduced.</p> <p>All rubbish and waste should be put straight in the bin by the user and not left for someone else to clear up.</p> <p>All areas used for eating must be thoroughly cleaned between groups and at the end of each break and shift, including chairs, door handles, vending machines etc.</p>				
Transport / Travel off site	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>Encourage walking / cycling to school Review travel plan Risk assessment of the school's transport provider seen and the school consulted on it. Drivers and PAs must wear face coverings in the vehicle (unless physically separated by a screen)</p> <p>Children and young people aged 11 and over to wear a face covering when travelling on dedicated transport.</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>Public Transport All persons to limit their use of public transport and if this is not possible individuals should follow government advice on the wearing of face coverings. (mandated since 15th June) Guidance on how to wear and make a cloth face covering is available.</p> <p>Where business travel via car is required use private single occupancy where possible. Wash / sanitise hands on re-entering the building.</p>				
Contractors	Contractors, Staff, Students / pupils / wider contacts, Spread of COVID 19	School and any on site contractors (Catering, cleaning, FM provider etc.) to co-operate and share risk assessments. All contractors will read and comply with signs in reception regarding good hygiene. Staff and contractors are to maintain a safe distance between themselves and others (2 metres where practical). All contractors are to wash their hands or use alcohol-based hand sanitiser upon entering the site. Agree approach to scheduled / ongoing building works. Where works can be conducted outside of the school day they should be. Site inductions are to be carried out following social distancing principles. School to seek confirmation of the contractors method statement / risk assessment. All essential / statutory maintenance deemed necessary to the safe running of the school was continued during periods of national lockdown.				
Provision of first aid	Staff, Students / pupils / wider contacts Spread of COVID 19	It is accepted that social distancing cannot be maintained during the delivery of first aid, but physical contact should be kept to a minimum e.g. pupils apply cold pack, wipe, plaster where able to do so. Wash hands before / after treatment. Those administering first aid should wear PPE appropriate to the circumstances. Where the injury was significant and thus required close care for an extended period then it would be reasonable to provide PPE. See also 'provision of personal care' and 'Suspected case whilst working on site'. First aiders to be aware of advice on CPR from The Resuscitation Council https://www.resus.org.uk/media/statements/resuscitation-council-uk-statements-on-covid-19-coronavirus-cpr-and-resuscitation/covid-community/				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>First aid rooms can be very busy and are often small rooms. Schools should make arrangement for only one person being treated in the first aid room at a time and allocate another room / area as a waiting/collection area.</p> <p>If daily medication is administered from 1st aid rooms then consider if this needs relocating to reduce demand on space.</p>				
Provision of personal care	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Additional PPE in place if required e.g. for intimate care, to be risk assessed and to be based on nature of task and level of contact (e.g. disposable apron, gloves, fluid resistant surgical mask (type IIR) and if there is a risk of splashing to the eyes e.g. coughing, spitting, vomiting then eye protection (e.g. face shield / visor) should be worn.) Face visors or shields should not be worn as an alternative to face coverings. Ensure any reusable PPE such as face visors are cleaned after use.</p> <p>Where a child falls ill with Coronavirus symptoms whilst on site (new continuous cough, high temperature cough or a loss of, or change, in your normal sense of taste or smell.) then school staff supervising the child while they await collection should wear PPE (a fluid resistant surgical mask) if a distance of 2m cannot be maintained.</p> <p>If direct care (such as for a very young child or a child with complex needs) is required then staff giving care to wear a fluid resistant surgical mask, disposable apron and gloves.</p>				
Emergency procedures (Fire alarm activations etc)	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Emergency evacuations are to take place following social distancing principles as far as is reasonably practicable (this will be impacted during evacuation, but will be for short period).</p> <p>Maintain groups / bubbles at assembly points.</p> <p>Increased supervision and reiteration of messages to occupants</p>				
Deliveries & Waste collection.	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Do not approach delivery staff, allow packages to be left in a safe place.</p> <p>Hands are to be thoroughly washed after handling all deliveries or waste materials.</p> <p>Waste collections made when the minimum number of persons are on site (i.e. after normal opening hours).</p>				
Premises safety	<p>Staff, Students / pupils</p>	<p>Ensure all 'normal' tasks / compliance checks are being carried out/planned such as fire alarm testing, legionella controls, servicing of equipment, PAT testing etc.</p> <p>Ensure all key services are operational</p>				

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
	Wider safeguarding / safety risks	<p>Legionella Any new 'seldomly' used water outlets to be flushed weekly. Post any lockdown / in the event of closure of any part of the building i.e. where weekly flushing of outlets has not taken place then chlorination / flushing of whole system should take place. Ensure key fire doors are not being compromised / wedged open (those protected stairwells, cross corridor, on single directional routes etc.)</p>				
Lack of awareness of PHE / school controls	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>All staff consulted on plans and risk assessment. Parents/ carers and pupils informed of measures in place to protect them Posters will be displayed in the reception, welfare areas and in suitable places around site.</p> <p>Clear briefing for all personnel on site, warning them of the risks posed by the virus as well as the control measures outlined in this assessment and from government guidance.</p> <p>Volunteers, peripatetic, temporary / supply staff, sports coaches and other providers are briefed on school's arrangements for managing and minimising risk, including need to maintain distance (2m where possible) from other staff and pupils.</p>				
Staffing levels	<p>Staff, Students / pupils</p> <p>Spread of COVID 19</p> <p>Wider safeguarding / safety risks</p>	<p>Dynamic decisions on staffing levels made dependent on numbers / needs of pupils present in school.</p> <p>Reviewed to ensure adequate number of staff in attendance to maintain an appropriate ratio with pupils and ensure key competencies (first aid etc maintained)</p> <p>Options such as supply staff, splitting classes, SLT cover, partial closure may be required in event of staff shortages.</p>	Local operational decisions on partial closure / closure to be made in event of insufficient available staff to supervise pupils. With a move to remote learning in such circumstances for those pupils affected.			

Previous revisions

Rev 1: updated template following issue of Government advice on July 2nd [Actions for schools during coronavirus outbreak](#)

Rev 2: 16/07/20 updates to swimming pool section following confirmation of re-opening from 25th July, additional controls added to hire / lettings, some other minor changes;

Rev 3: 13/08/20 updated to take account in changes in national advice regarding face coverings

Rev 4: 01/09/20 updated following updated [DfE guidance on full opening](#) (28/8/20), [face coverings in education](#) (year 7 and above), testing kits and DfE guidance on [extra curricular activity](#)

Rev 5: 09/10/20 updated link to reporting of positive cases, use of NHS COVID-19 app and link to supplementary hire conditions added, updated Association of PE links added, changes from previous version highlighted in yellow.

Rev 6: 04/11/20 updated following revised DfE guidance (22/10/20) and [New national restrictions](#) from November 5th until 2nd December (See also How New National Restrictions to control the spread of coronavirus (COVID-19) impact education, childcare and children's social care settings <https://www.gov.uk/guidance/education-and-childcare-settings-new-national-restrictions-from-5-november-2020>)

19/11/20 – minor addition only to clarify extracurricular activities / clubs can include activities related to PE, sport, music etc. where this is to enable parents / carers to work etc.

Rev 7: 01/12/20 Applicable from 2nd December updated to reflect end of national restrictions and Hertfordshire entering tier 2. Also maximum group size of 15 for singing / playing wind/ brass instruments removed and section on music revised.

14/12/20 minor update to reflect change in self-isolation period for close contacts from 14 days to 10 days with self-isolation period beginning on the day after exposure, a test or the start of symptoms.

Rev 8: 15/12/20 update to reflect the following District / Borough Councils moving into tier 3 very high alert on 12:01am on 16th December: Broxbourne, Hertsmere, Three Rivers, Watford See <https://www.gov.uk/guidance/full-list-of-local-restriction-tiers-by-area> ;

17/12/20 - minor update to reflect all of Hertfordshire entered tier 3 as from 00:01 Saturday 19th December

Rev 9: 23/12/20 update to reflect Hertfordshire entering tier 4 as from Sunday 20th December, CEV staff and students to shield, suspension of hires in line with national guidance, offer of lateral flow testing from 1st week in January.

Rev 10: 04/01/21 updated in line with revised national [guidance on return in January 2021](#) and Contingency framework implementation this applies to Schools in Broxbourne, Watford , Three Rivers and Hertsmere <https://www.gov.uk/government/publications/coronavirus-covid-19-contingency-framework-for-education-and-childcare-settings> changes highlighted in yellow
